Dear Customer Service:

I am sending a copy of the previously sent Revised filing of FCC Form 499-Q, Filing due date of February 1, 2006. It was originally mailed April 26th. I called on May 9th as a follow up to see if the rejection letter was on its way. The Agent said it had not been received, therefore I am sending this copy with a return receipt.

The invoice for this filing is due May 15th and it is my understanding another one will be due in June and July. If at all possible, please place a priority on handling this request. It will be a severe hardship on my company to pay these bills.

It is my hope that this matter can be cleared up quickly. Thank you for your help.

Sincerely,

BASIN COMMUNICATION SYSTEMS, INC.

Form 499 Data Collection Agent
Attn: USAC Customer Service
2000 L St NW #200
Washington, DC 20036

Dear FCC Customer Service:

An error was discovered on my 499Q for the 4th quarter, due February 1, 2006. It was discovered when I received the USAC statement dated 4/21/2006. This is the first time we have ever received a bill from USAC and the statement was for \$1,956.25. You can imagine my horror when upon examination of the 499Q realized I entered the **gross revenue** under "Interstate revenue" in error. The correct amount should be \$2,100.

I understand revisions are due within 45 days of the original filing deadline, but how would I catch such an error before receiving your billing statement? After filing it in January I never had an occasion to look at it again.

Basin is a very small struggling paging company in an industry that is being hit hard by cellular phone service. Due to the fact that probably, no USAC charges will be due from our company and the amount paid will eventually be refunded, I respectfully request an exception to the 45-day deadline and ask that you accept the revised filing of the 499Q that was due February 1st 2006. It would be an extreme hardship on our company to pay the assessments based on erroneous figures for the next three months.

Thank you for your time and your consideration of this predicament.

Sincerely,

BASIN COMMUNICATION SYSTEMS, INC.
